

Corporate Social Responsibility

As an international engineering company, RRI has made the principles of the UN Global Compact initiative an integral part of its corporate philosophy. RRI embraces, supports and enacts, within its sphere of influence, a set of core values in the areas of human rights, labor standards, the environment and anti-corruption.

All services are carried out at all sites worldwide according to the same quality norms and a standardized QMS in compliance with the culture of the corresponding country. RRI respects and appreciates the culture of each employee and business partner.

Corporate Principles of RRI

Human Rights

Principle 01: Businesses should support and respect the protection of internationally proclaimed human rights; and

Principle 02: make sure that they are not complicit in human rights abuses.

Labor

Principle 03: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;

Principle 04: the elimination of all forms of forced and compulsory labour;

Principle 05: the effective abolition of child labour; and

Principle 06: the elimination of discrimination in respect of employment and occupation.

Environment

Principle 07: Businesses should support a precautionary approach to environmental challenges;

Principle 08: undertake initiatives to promote greater environmental responsibility; and

Principle 09: encourage the development and diffusion of environmentally friendly technologies.

Anti-Corruption

Principle 10: Businesses should work against corruption in all its forms, including extortion and bribery.

RRI GmbH Rhein Ruhr International – Consulting Engineers is certified according to DIN EN ISO 9001.
